

Week 6 Virtual Field Trip: A Trip to the Moon

NASA Space Place • Optional Friday enrichment

Destination

NASA Space Place: Moon activities and exploration for children. Direct link:
<https://spaceplace.nasa.gov/menu/space/>

Independent-navigation rating

2 of 5. Adult guidance recommended. An adult should open the page, select the Moon content, read short sections aloud, and manage any video or external links.

Before you go

What do you already know about the Moon? Draw or tell one idea.

While you explore

Look for one Moon fact, one image or model that helps you understand, and one question you still have.

Safety and access

Use the verified NASA page. Stay with the adult-selected page. Skip links that leave NASA Space Place unless an adult previews them.

Moon Explorer Evidence

Large spaces for drawing, writing, or dictation

Draw one thing you noticed about the Moon.

Oaklynn

Write or dictate one accurate fact and tell which image, model, or sentence helped you learn it.

Brooksley

Draw the Moon. Point to or tell one detail. An adult may write her words.

Save for the portfolio

Keep this page only if it shows new learning. The field trip stays optional after core work and Friday's Community Quest.
